

## Sohrab Taee

Senior Software Engineer  
Hoofddorp, Netherlands

I'm a software engineer with over **12 years** of experience, specializing in **web development**.

Throughout my career, I have taken on roles such as team lead, consultant, developer in agile product teams, and solo developer.

I have also been actively involved in interviewing and mentoring developers.

My technical expertise includes writing well-tested and maintainable code, and conducting thorough code reviews.

Additionally, I have a keen eye for UX design.

I strive to maintain a balanced career and personal life.

I am a constant learner who values personal development.

I thrive in **transparent, trust-based**, and **feedback-oriented** environments.

Outside of work, I enjoy traveling, music, reading, and of course technology.
