Sohrab Taee

Senior Software Engineer
Berlin, Germany

I'm a software engineer with **8+ years** of experience. For most of my career, I've been focused on the **front-end**, plus a few years of WordPress development.

I've worked as a team-lead, a consultant, a developer in agile-based product teams, and a solo developer.
I've been also involved in interviewing and mentoring developers.

My technical workflow consists of using Git, writing well-tested maintainable code, and conducting code reviews.
I also have a keen eye for UX.

I do my best to have a balance in every aspect of my career and personal life.
I'm a constant learner and I value personal development.
I enjoy working in **transparent**, **trust-based**, and **feedback-oriented** environments.
I love traveling, music, and technology.

💼 EXPERIENCES

Senior Web Engineer

fromAtoB - Berlin, Germany

November 2019 - Present

> We work based on agile principles and scrum methodology. As a senior front-end developer, I work closely with designers, developers, QA engineers, and product owners.
>
> I work on migrating the user account area on our website from a server-rendered Ruby on Rails app to a Vue.js powered SPA.
>
> I develop the components required for our new design system and integrate them into our current web apps.
>
> I also work on migrating our unit tests to Jest and updating some of our older Vue.js infrastructures.
>
> ### Tools and Technologies I work with
>
> - HTML, CSS, SCSS, BEM
> - JavaScript, ES6+
> - Vue.js, Vue Router, Vuex, Nuxt.js
> - Jest and Cypress
> - Storybook
> - Docker
> - Webpack, Babel, ESlint, Prettier
> - Git and Github
> - Micro front-ends
> - Monorepos

Senior Front-end Developer

Vaadin - Turku, Finland

May 2018 - October 2019

> I used to work as a senior front-end consultant. I was involved with customer projects mostly using Web Components, PWAs, and hybrid mobile apps. I had also worked on several Vaadin components.
>
> ### Tools and Technologies I work with
>
> - HTML, CSS
> - JavaScript, ES6+
> - Web Components, Polymer, Lit
> - PWA, Hybrid mobile apps using Cordova
> - Mocha, Sinon, Chai
> - Webpack, Babel, ESlint, Prettier
> - Git and Github

Front-end Team Lead

Alibaba Travels - Tehran, Iran

May 2017 - May 2018

At the time I was working there, Alibaba Travels was the leading IT company in the tourism industry of Iran.

I started working as a front-end developer in our child brand Jabama (our hotel booking website) and after a few months, I was promoted to be the front-end team lead.

My job was to architect and lead the front-end development of a new website for the company using Vue.js ecosystem.

I was accountable for the relationship between my team, our product owner, the UX/UI team, and the back-end team.

I also interviewed front-end developer candidates.

Tools and Technologies I work with

- HTML, CSS, SCSS, BEM
- JavaScript, ES6+
- Vue.js, Vue Router, Vuex, Nuxt.js
- Docker
- Webpack, Babel, ESlint, Prettier
- Git and GitLab

WordPress Development Lead / Front-end Developer

Citynet - Tehran, Iran

April 2015 – May 2017

Citynet is an IT company active in the tourism industry.

I was working as the head of website development department, and as the front-end developer in web applications team.

We developed WordPress websites for our clients and my job was to lead the WordPress development team.

I was in charge of integrating our tourism web services into our WordPress websites so that our clients could sell tourism services such as domestic and international flight, train, and bus tickets and travel insurance on their websites.

I also interviewed WordPress and front-end developer candidates.

Tools and Technologies I work with

- HTML, CSS, SCSS
- JavaScript, ES6+

WooCommerce Development

WP REST API

- Vue.js, Vue Router, Vuex
- Babel, ESlint
- PHP, WordPress, WooCommerce, ACF, Custom Post Types, Polylang

Front-end Developer

Web Negar - Tehran, Iran

April 2014 - Mar 2015

Web Negar was a website development company. I was working as a front-end developer.

My job was to translate designs of the graphics team to static web pages and hand them over to back-end team.

Tools and Technologies I work with

- HTML, CSS, SCSS
- JavaScript, jQuery

Website Manager

Asr-e Digital - Esfahan, Iran

June 2012 – April 2013

Website management, UI/UX design, and content editing.

Tools and Technologies I work with

- HTML, CSS, SCSS
- JavaScript, jQuery
